

Hydro-PEX Mini Press Tool

Universal, super handy electric tool with automatic circuit control for producing pipe pressing joints for all common pressfitting systems (PEX-AL-PEX pipe press fittings, PEX pipe crimp rings, copper press fitting connections).

Mini Press Tool - universal up to 1".
Super light, super small, super handy.
With automatic circuit control. Secure crimping in seconds.
Automatic locking of Mini pressing tongs for all common pressfitting systems.

Pressing tongs for all common systems:

Complete assortment of Mini pressing tongs for all common pressfitting systems. High-compression pressing tongs in forged and specially hardened steel. Pressing contours of Mini pressing tongs are system-specific and correspond to the respective pressfitting system. Thus perfect system-conformity, safe press joining.

Execution:

Super light, super small, super handy. Drive unit with battery and pressing tong under 6 lbs. Works anywhere, free-hand, overhead, also in particularly tight areas. Optimum weight distribution for single-hand operation. Ergonomically designed housing. Secure seating of pressing tongs by automatic locking.

Pressing operation by touch-control:

For reliable service, operating and functional safety. With ACC (automatic circuit control) - automatic retraction after completion of pressing operation.

Drive:

Enormous thrust and pressing force for fast and perfect press jointing. Powerful electro-hydraulic drive, eccentric reciprocating pump with robust planetary gear. Powerful battery motor, 12 V. with large power reserve, 290 W output. Safety tip switch.

Voltage supplies for battery operation:

Battery 12 V. for many press operations. Rapid charger for short charging times. Impulse charging technique reduces memory effect for maximum battery power.
